Elevator Pitch

EZ Fitness is an AI-powered app that builds personalized home and gym workouts and helps you develop healthy habits at your own pace.

App Description

Starting to exercise shouldn't feel scary. EZ Fitness is the friendly fitness app that meets you where you are, whether you're a total beginner, a busy student, or someone who feels nervous about the gym. Tell us your goals, experience, equipment, and free time, and our AI builds workouts just for you, at home or at the gym. Simple exercise guides show you how to move safely, reminders keep you on track, and weekly progress reports celebrate every step forward. Have a question? Your AI Fitness Assistant is always ready to help. No pressure. No competition. Just progress.

Five Benefits

1. **Feel confident from day one.** Beginner-friendly guides explain every exercise, so you never feel lost or intimidated.
2. **Work out anywhere.** Choose home or gym workouts that fit your space and equipment.
3. **Get a plan that's truly yours.** Personalized routines match your goals, experience, and schedule.
4. **Build a habit that lasts.** Flexible schedules and friendly reminders make consistency easier, with room for rest days.
5. **See your progress.** Weekly reports show how far you've come, so you stay motivated without comparing yourself to anyone else.
